REPORTED FOR THE DAILY PRESS.

Three Days Later from Europe.

Arrival of the City of Washington.

War Rumors More Threatening. New York, March 16.—The steamship City of Washington, with dates from Liverpool to the 2d inst., three days later, has arrived at

this port. The steamship Asia arrived on the 27th ult. There was less confidence in the preservation of peace than when the Arabia sailed on the 26th ult. It is confirmed that the Pope invites the withdrawal of the French and Austrian troops from Rome. It is not known how these powers will set. The rumors of approaching war continue.

GREAT BRITAIN.-Lord Cowley has reached Vienna, and had an interview with the Em-

peror.
Mr. D'Israeli has introduced a Reform Bill which confers the elective franchise upon all members of the learned professions, and to parties having small investments in the funds and savings' banks.

The bill is strongly attacked by the Reform ers, but a large meeting of the Conservative members was held at Lord Derby's, at which two hundred pledged themselves to give it their

two hundred pledged themselves to give it their unanimous support.

At this meeting Lord Derby stated that if on the second reading, or upon any of the main clauses of the bill in committee, they found themselves in a minority, he should unbesita-tingly advise the question to dissolve the Par-

ament.
This is considered as a challenge to Lord Messrs. Walpole, Home Secretary, and Henley, President of the Board of Trade, have re-tired from the Cabinet on account of differences

of opinion in relation to the Reform Bill. Mr Sotheron Estcourt succeeds the former, and Lord Donoughmore the latter. Lord March replaces Mr. Esteourt as President of the Poor

Rumors prevail of further secessions from the Cabinet, including the Earl of Salisbury and Mr. Amdersley. The British exports show an enormous in-

crease over last year.

FRANCE.—It is explained that the ground for supposing that the French and Austrians will evacuate the Papal States, is only because the Pope has invited them to leave. Nothing has transpired to indicate how either power will proceed, but the rumors at Paris say that the French will withdraw. French will withdraw.

The war preparations continued with much activity, and the Funds, which were so buoyant at the sailing of the Arabia, on the 26th ult., had become depressed. The French three per cents closed at 67f. 50c.

The latest Paris letters say that the chance of war fever is reported to run high in Germany. Advices from Rio de Janeiro to the 7th ult., had been received at Lisbon. President Lopes, of Paraguay, had accepted the proffered me-diation of the Brazilian Government, in relation to the difficulties with the United States.

The Calcutta mail of January 22d, with China advices to January 16th, had reached

England. Private letters confirm the complete pacifi-cation of Oude. Lord Elgin's expedition up Yangtse-Kiang extended as far as Hong-Kong, and is reported as successful. The United States steamer Powhattan was at Hong-Kong. The Mississippi was in Canton River.

From Washington.

Washington, March 16 .- A complaint has been lodged at the State Department, against the British Consul at Galveston.

In November, the American ship Thomas Watson, of New York, cleared with a cargo of cotton for Liverpool. The Consul refused to certify to the bill of health given by the Collector of that port. In consequence, the ves-sel was detained five days, and narrowly es-caped shipwreck. The allegation is that the Consul was actuated by a feeling of petty mal-ice and revenge, owing to the attachment of the British schooner Commerce by the owners of the Watson, for damages done in port dur-ing a "norther," by the former, which vessel was consigned to the British Consul. The owners of the Watson have preferred a claim of \$10,000 against the British Government. It is ascertained that the Post-office Depart-

ment, at the end of the present fiscal year, (June 30,) will be \$4,500,000 in arrears. It was decided unanimously that an extra ression of Congress is necessary, but the time of its meeting was not fixed upon. That ques-tion will be decided in a day or two, and it is

tion will be decided in a day or two, and it is believed that Congress will be called to meet about the middle of August.

The Grand Jury of Washington has found a true bill of indictment against Daniel E. Sickles for murder. The jury has not yet de-cided respecting Mr. Butterworth's complicity in the homiside of Key.

in the homicide of Key.

The Secretary of the Treasury has approved the following grants of public lands under acts of Congress: For the Dubaque and Pacific Railroad and branch, 1,152,139 acres; for the Iowa Central Air-line Railroad, 631,139 acres; and for the Mississippi and Mississippi and Mississippi and Pathalana and Pacific Railroad, 631,139 acres; and for the Mississippi and Missouri Railroad, 353,431 acres. Making an aggregate of nearly 2,137,000 acres; also 394,523 acres to the Alabama and Florida Railroad, in Alabama, to the State and Company. the State and Company.

## From Kansas.

LEAVENWORTH CITY, March 16.—In the case of Doy and his son, who were abducted from Kansas into Missouri, charged with aiding in the escape of slaves, a charge of venire has been granted, and the trial transferred to St.

Joseph.

Dates from the gold mines to February 12 have been received. The accounts continue flattering. The rush toward Pike's Peak has fairly commenced. Seven large companies left here yesterday. Emigrants arrive daily by the hundreds.

From Boston.

Bosron, March 16.—Some three hundred children of Reman Catholic parents, attending the Elliott-street School in this city, caused quite a disturbance by refusing to join in chanting the Lord's Prayer and the Ten Commandments, in conformity with the rules of the Pubments, in conformity with the rules of the Publie Schools. A large number had been dis-missed in consequence.

On Monday evening the Resin Oil Factory of A. W. Trowbridge & Co., at Newton Center, was destroyed by fire. The loss is estimated

Raitroad Convention. Burralo, March 16.—The Hailroad Convention assembled here to-day; forty-six roads represented. Orrin Follett, of the Sandusky & Cincinnati Road, elected President; Lafayette Devenny, of the Pittsburg, Columbus & Gincinnati Road, and J. B. Anderson, of the Ft. Wayne Road, appointed Secretaries. A committee was

appointed to prepare a new time table. A stormy time is expected at the evening session From Toronto. TORONTO, March 16 .- The Collingswood harbor is entirely clear of ice, and active prepara-tions are being made for starting the line of steamers between there and Chicago. Steam-

ere are being fitted out for the regular lines to Lake Superior, Bruce Mines, etc.

Large quantities of ice are still in the barbor at Kingston, but is broken up, and will be carried off by the first wind.

The Southern Pacific Railroad. NEW ORLEANS, March 16 .- The sale of the Pacific railway has been postponed. The old Company is gabring confidence. The new Company has been attached for the debts.

### River Intelligence.

The river at this point has fallen about six inches ince our last report, and is still falling slowly. The weather during the day has been very mild and pleasant. Our wharf is in a fine state for receiving and discharging freight. The only reason we can assign for this is, that we have got the right man for Wharfmaster, to which fact every one who knows John Baker will testify. Business on the Levee was only moderately active yesterday. We have no change to note in freight for up river ports. Steamers for St. Louis were doing a lively business yester day, and if our boatmen do not make money thi season, it is our opinion they never will. In consequence of the heavy tunnage in port for New Orleans, the rates of freight to that point are declining very

500 bris, sait, for this port. The Ohio No. 3 was the only arrival from above to-day. She had a fair trip of freight, and was crowded with passengers. The Aurora arrived from New Orleans with 750 hhds. of Sugar, and 400 bris, of Molasses for this port. The Parkersburg left for Parkersburg with a fair trip. The Economy, to Pitteburg, took on 300 brls, flour at West's Mills. The J. W. Cheesman left for St. Louis with a splendid trip of freight and people. The Light foot got off for Nashville loaded deep. She had on board thirty head houses for the South. The steamers Orb and Hazel Dell are due here from above, and the Ohio Belle, Vixen, Iowa, Mariner and W. I. Maclay

By special dispatch from Pittsburg, we learn that the river is stationary, with nine feet eight inches water in the channel. The Belmont had arrived, and the Commodore Perry and Key West had departed, The steamers Choctaw, Jesse K. Bell, Maria Denning Fairchild and Eclipse, had arrived at New Orleans on the 15th, and the Diana departed. The Endeavor has

got off the rocks at Corn Island. The river was rising at Louisville, yesterday, with nine feet water in the canal, and seven feet water in

The Memphis Bulletin of Sunday says: Business at the levee yesterday was not active. The Belfast left in the evening with only 675 bales of cut-ton. The Choctaw had about 1,500, taken at 75 cents per bale.

The Louisville Courier of yesterday has the follow ing:
We learn that while Mr. Frank Matheny, of this city, pilot on the N.W. Thomas, was asleep in his berth, at Cincinnati, he was attacked by two men, one of whom struck him with an iron poker. He was very seriously wounded, though luckily not crippled. We did not hear the names of the men, but believe they are Cincinnati pilots.
